Mr. Thomas McLamore reviewed the Minority Business Enterprise and Veteran-Owned Small Business Enterprise Sections and Forms:

- Attachment D – Minority Business Enterprise Participation (explained that the MBE forms had been revised and that only submission of Attachment D-1 (Certified MBE Utilization and Fair Solicitation Affidavit) completed in its entirety, to include the MBE Participation Schedule (which is now part of the affidavit) is required; also reviewed the **MBE subcontracting goal** and explained the fact that some MBE form errors are not curable, such as goal ranges, that an MBE firm proposing as a prime contractor may submit themselves as a subcontractor to fulfill a

portion of the MBE goal and submission of firms that are not MDOT MBE certified at the time of proposals submission).

- Attachment M - Veteran-Owned Small Business Enterprise Participation (explained that submission of Attachment M-1 (Utilization Affidavit and Subcontractor Participation Schedule) completed in its entirety is required; **also reviewed the VSBE subcontracting goal**; also reiterated that the proposed VSBE must be verified by the Center for Veterans Enterprise of the United States Department of Veterans Affairs and provided the web link.

Mr. Yeager then opened the floor to questions with the caveat that formal written answers to questions would only be given if the question were submitted in writing, preferably by e-mail.

The attendees were reminded that **no answer provided today to a question may in and of itself change any requirement of the solicitation.** They are being provided to help give a better understanding of the State's requirements. If, based upon a submitted question it is determined that any portion of the solicitation should be changed, the actual change may only be implemented via a formal amendment to the solicitation. Mr. Yeager further stated that any question asked and answered at the conference should be asked formally in writing by e-mail if the questioner wanted a coordinated, official response.
